Allowable Subject Matter

1. **Claims 1, 2, 4-17, 19-30, 32-41 renumbered as 1-38** are allowed.

The following is an examiner's statement of reasons for allowance:

2. **Claims 1, 2, 4-17, 19-30, 32-41 renumbered as 1-38** are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art references which teaches at least the amended limitation of wherein each node in the virtual tree stores a portion of the content is configured to appear as if all the content is stored locally at the node. In particular, the examiner notes that the prior art of record teaches away from the limitation above by e.g. storing the entire file at each node such as that taught by U.S. Patent 6,105,029 A to *Maddalozzo, Jr. et al.* t, (i.e., at a mirrored site) or by storing only a known portion of a file at each node (i.e., disk) as taught by U.S. Patent No. 5,905,847 A to *Kobayashu et al.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
